SAHIL LAUR

Aspiring Software Developer | Java · Spring Boot · SQL

+91 6397865021 | sanjeevlaur9758@gmail.com | LinkedIn | GitHub | LeetCode | CodeChef

SUMMARY

Final-year B.Tech Computer Science student with a strong foundation in Java, JavaScript, SQL, and MySQL, and hands-on experience in Spring Boot, Spring Security, JWT authentication, and RESTful CRUD development. Skilled in building and testing web applications using Postman and IntelliJ IDEA, with a strong grasp of database connectivity and application development. Passionate about learning new technologies and building efficient, reliable software solutions, seeking an entry-level Software Developer role.

EDUCATION

Dr. A.P.J. Abdul Kalam Technical University (AKTU) Expected Graduation: 2027
Bachelor of Technology (B.Tech) in Computer Science

Senior Secondary (12th Standard) — PCM Passing Year: 2022
Percentage: 74%

Secondary School (10th Standard) Passing Year: 2020
Percentage: 65%

TECHNICAL SKILLS

Programming Languages: Java, JavaScript
Backend Frameworks: Spring Boot, Spring Security, JWT Authentication, Servlets, JSP
Web Development: HTML5, CSS3, JavaScript (ES6)
Databases: SQL, MySQL, JDBC
Concepts: RESTful APIs, CRUD Operations
Developer Tools & Platforms: Git, GitHub, Postman, IntelliJ IDEA, VS Code, Eclipse

PROJECTS

Personal Portfolio Website HTML5, CSS3, JavaScript
- Designed and developed a fully responsive personal portfolio website to showcase academic projects and technical skills.
- Utilized CSS media queries to ensure cross-device compatibility, delivering an optimal user experience across mobile, tablet, and desktop screens.
- Implemented interactive elements using vanilla JavaScript to enhance UI/UX and user engagement.

Bank Management System — GitHub Java Swing, JDBC, MySQL
- Developed a desktop-based banking application with account management and transaction functionalities.
- Implemented deposit, withdrawal, balance inquiry, and user authentication features.
- Integrated MySQL with JDBC for database connectivity, data storage, and retrieval.

CORE ACADEMIC COURSES

Object-Oriented Programming (OOP) • Data Structures & Algorithms (DSA) • Database Management Systems (DBMS)
